ADDRESS OF THE DEPARTMENT COMMANDER

Headquarters
Department of Connecticut, G. A. R.,
New Preston, Conn., May 27th, 1913.

To the Officers and Comrades of the Department of Connecticut, G. A. R.:

Comrades:—

I extend to you my greetings upon this occasion, the 46th Annual Encampment, Department of Connecticut, Grand Army of the Republic.

One year since, you with unusual unanimity chose me to serve you as your Commander. I then and there acknowledged the honor conferred upon me and promised to labor faithfully for your interest and conduct the affairs of the Department with fidelity. I leave it to you, my comrades, to judge whether I have been faithful to the responsibilities imposed upon me and entrusted to my keeping.

To our Senior and Junior Vice Dept. Commanders I wish to extend my hearty thanks for their earnest, painstaking assistance upon many occasions. They are deserving of the very highest praise and honor for the manner in which they have so ably assisted me. The other officers have served faithfully in their various stations and are deserving of the full meed of praise also. I call your attention to their reports for proof of work, well and faithfully done. Were I to particularize it would take too much space and time, and yet I must ask you to take note of the thorough and comprehensive methods of our Assistant Adjutant-General. None throughout our organization can be found superior. Upon his work, our success in many respects rests and has received much praise from outside this Department.

We have so many things to be thankful for this year, in this Department, it is difficult for me to find words with which to properly express my very great appreciation for the assistance given me by so many of my comrades. Every officer and nearly every comrade throughout the Department—when called upon, has most cheerfully rendered good service and demonstrated the little epigram, "It's just as easy to 'boost' as to knock"—it goes much further.

At the 46th National Encampment at Los Angeles, California, our Department won great distinction and consequently stands high among the different Departments of our Order. It behooves us too—in all respects, to strive to maintain the high standard to which we have attained. Seldom is it that one Department is accorded so many honors. Commander-in-Chief of the G. A. R., Commander-in-Chief of the Sons of Veterans, and many other minor offices in the G. A. R. and allied organizations were freely given to this Department.

Soldiers' Home

Our Soldiers' Home at Noroton, I have visited, and to my mind as well as in the judgment of higher authority, there is no more thoroughly comfortable and perfectly managed Home and Hospital for our comrades in the United States. I find that such complaints as are made, upon investigation, are invariably found to have little, if any foundation. Too much praise cannot be given to Col. Robbins and his efficient staff of assistants.

Women's Relief Corps

The Woman's Relief Corps cannot be valued too highly, and I believe the Corps would be in closer touch with the Grand Army if they could be informed more, particularly of the purposes and intentions of Posts and comrades when help or assistance could be given. Where there is no Woman's Relief Corps, there is little good cheer and I have found Posts just barely existing where there is no Corps. I have given my aid wherever I could and shall continue to do so and I hope to see a band of ladies—be it only a few—connected with every post in the Department.

Cromwell Home

Cromwell Home established and managed by the ladies of the Relief Corps is a model institution of its kind and is attracting much favorable comment from other Departments. Its aim and work are beyond all criticism, although very great and widespread. None but brave devoted patriotic women would undertake and carry on such a task. Give the undertaking its full credit and support.

Ladies of the G. A. R.

The organizations of the Ladies of the G. A. R. are surely a band of earnest workers and are striving for the good of our Order.

Daughters of Veterans

The Daughters of Veterans have indeed proved themselves to be an earnest patriotic organization. We cannot withhold from them all due encouragement and praise. If we do we demean our own flesh and blood. Therefore let us give them Godspeed in following in the footsteps of their mothers—the sweethearts of sixty-one to five—in all their patriotic endeavors. Tent No. 4, of Bridgeport, did the Department a very appreciable service when they made and presented to the Department a beautiful banner to replace the one which had been in service so many years and had gone to decay.

Sons of Veterans

The Sons of Veterans are fast coming forward to do the work of their fathers. The unanimity and patriotic zeal with which their work was carried on and of which I was an honored witness in their recent Encampment in Bridgeport was exceedingly interesting, and impressed me with the fact that I was in presence of and being honored by the very best citizenship of Connecticut, and they, the sons of the very flower of Connecticut in 1861-65, who offered all that mortal man could offer that this land of ours might be preserved. This organization has at all times and in all places, public and private displayed the greatest courtesy to your commander. We must not neglect a single opportunity to give them all due credit and encouragement.

United Spanish War Veterans

The United Spanish War Veterans, who so nobly sprang forward for duty in a righteous course at the call of the lamented McKinley, have surely won our respect and admiration for their quiet unostentatious patriotism and perseverance in good work. They, with their devoted Auxiliary, are worthy of our kindest consideration. They too, have many times honored your commander and by so doing have shown their high regard for our Order.

Citizens' Corps

The Citizens' Corps is indeed a grand organization. I trust by due appreciation on the part of the comrades, that the Citizens' Corps will be encouraged to increase in size and numbers throughout the State.

The smaller Posts have great need of encouragement. The many, which I have had the great honor of visiting, I have found in much need of encouragement, the enfeebled comrades,

dragging themselves, as it were, for miles to attend their meetings as often as they can and more frequently than otherwise, not a word of comfort, except that contributed by each to the other, and then a wearisome return to their homes, in many cases five to seven miles distant. Can anything in our Order be much more pathetic? Can none of our comrades of the well-to-do or rich city Posts have their old comrades of '61-'65 in mind? Can they not drop them a card occasionally, write them a letter, send some little token or book to them. Words of cheer are sadly needed and would aid greatly in holding them together. Surely it is written "When two or three are gathered together, there am I, in their midst" and this applies in many cases to the small Posts of the Grand Army. It must be taken into consideration that these small Posts are not located near lines of transportation, consequently the getting together is laborious and oftentimes difficult. The comrades of these small Posts have given me in every instance a most gladsome welcome and they have expressed themselves as greatly encouraged by my visits. These Posts are composed of as brave and patriotic men as ever shouldered a musket—but the uplift is lacking. Do not let us forget the old saw—

It's **not** the **thing** we do or say.

It's the **way** we **do** or **say** it.

What would the hens egg amount to, pray,

If she got on the perch to lay it.

Grand Army Tree

The motion made by comrade Solomon Close in the last Encampment and carried (as appears of record, Page 73, Journal of April 19 and 20, 1912) concerning an oak tree to be set upon the Capitol grounds at Hartford, and to be known as the Grand Army of the Republic Tree, has been carried out successfully. The tree is a white oak, about five inches in diameter at the base, straight, of good form and top and about twenty-five feet high, and at present date is showing excellent signs of a good growth this season. It stands on the upper end of the crescent-shaped plot, upon which the historic Petersburg Express is located.

National G. A. R. Tree

There will be a proposition at the proper time for this Encampment to favor a Grand Army Tree, to be planted on the grounds of the National Capitol. I trust it will meet with the unanimous approval of this Encampment.

The Flood Sufferers

The spontaneity with which our comrades throughout this Department opened their hearts and purses at the call of your commander, for the assistance of those comrades who lost all, or suffered by reason of the recent terrible flood in the Middle West is remarkable. Comrades, your generosity has done and is doing a great amount of good in relieving distress as a large number of acknowledgments bear witness. I call your attention to the Assistant Adjutant-General's report upon that subject.

The matter of the Memorial to the late Past Department Commander, Wm. E. Simonds and which was reported back to the last Encampment with a most eulogistic tribute to his memory and great good work, and which your commander tried to bring to a realization, having met with a more or less determined opposition from certain comrades, your commander recommends that a committee be appointed by this Encampment to take the matter in hand and carry it to a successful termination.

To the comrade whom you will at this Encampment choose for your standard bearer for the coming year, I would wish that you, one and all give him your loyal support. Do not expect of him more than it is possible for him to give you. Keep him informed of the condition and necessities of your Posts, and I bespeak for him a successful administration such as has been vouchsafed to your humble servant.

In Conclusion

It is often remarked by people not members of the Grand Army of the Republic, "It is remarkable how these old veterans 'hang on' and it **is** truly remarkable. We get together at such times as these, clasp hands and there is a thrilling pleasure in that grasp. We hold on a little longer than when we last met, we look tenderly into each others eyes, our minds go back to youth when we gave each other a cheery word and look and then entered the fiery furnace where our devotion to our God and our Country were put to the test, the same old love we experience it again, mingled with the thought that this may be our last hand clasp. Moisture dims our gaze and in obedience to the manliness within us, we banter each other a little, and clasp the next waiting glad hand, and so on; but it is not 'till the last moment that we part. Finally all our hearts are filled with joy and gladness the little time we are together and who shall say nay, for are we not bound by the ties that were welded in a fiery strife where our patriotism was put to the test

and won the day, preserving our Starry Banner and Liberty to future generations, and as we separate, we feel that we belong to the grandest organization of men this world has ever known, **The Grand Army of the Republic.**

In Fraternity, Charity and Loyalty, faithfully yours,

WM. H. DOUGAL,

Department Commander.

Visitation of Posts and Auxiliary and Allied Societies

During my official year I have made one hundred and thirty-five visits to Posts of the Department and the auxiliary and allied organizations. Practically all of the Posts have been visited by me once, and some more than once, as the circumstances seemed to require. As the membership of our Order decreases, such visits become more and more necessary in order to keep up the interest of the comrades and stimulate them in our work, and I am confident that good results follow. The visits to the other organizations referred to make them feel that the Grand Army is taking an interest in them and appreciates their efforts, and they become more earnest and energetic in the work they are doing for us.

I recommend that such visits be continued and that not only Department Officers, but comrades situated so that they can, devote some of their time to this work and show by their example that they possess that spirit of fraternity that characterizes every true comrade.

At a meeting called by the then Department Commander, Richard J. Cutbill and held in G. A. R. Hall of Admiral Foote Post, No. 17, G. A. R., comrade H. H. Blake and David W. REPORT OF SENIOR VICE DEPARTMENT COMMANDER

Bridgeport, Conn., April 25th, 1913.

HENRY J. SEELEY, Asst. Adjt. General,

Department of Conn., G. A. R.

Dear Sir and Comrade:—

In complying with the duties of the position, that, I have the honor to hold, I wish to make a report on same. It has been my privilege to visit a number of G. A. R. Posts, Woman's Relief Corps and Sons of Veterans Camps and I must say I found all in a flourishing condition, patriotism, harmony and loyalty abounding in all, and the courtesy and cordiality with which I was received was very gratifying and while time is making changes, I find the loyalty to the Old Flag does not change but remain as ever, steadfast and true.

Fraternally yours,

RUSSELL GLENN, S. V. Com.,

Dept. of Conn., G. A. R.

REPORT OF JUNIOR VICE DEPARTMENT COMMANDER

WILLIAM H. DOUGAL, Dept. Commander,
Dept. of Conn., G. A. R.

As Junior Vice Department Commander, I beg leave to submit the following report of my year's work:

The year for me has been a busy one, as I have freely given of my time for visitation of a number of the Posts. It is a matter of regret with me that I have been unable to visit all the Posts in the Department, but such a task has been too much for my time and strength. I have given especial attention to the smaller Posts when practicable. Many of these have been so reduced in numbers that their condition is pathetic. To these I have gone with words of encouragement and good cheer and my work, to all appearance, has not been in vain. It has been my pleasure by correspondence, to help the depressed and weak Posts, urging them to maintain their place in the line and to hold on to their charters to the last man.

My work has been a pleasure, and my one regret is that I could not have done more. The spirit was willing but the flesh was weak. I have tried to do my best in filling the position, to which I was elected.

Yours in F., C. and L.,

EGBERT DART,
Junior Vice Dept. Commander.

REPORT OF ASSISTANT ADJUTANT GENERAL

Dear Sir and Comrade:—

I have the honor to submit to you my report for the year ending December 31st, 1912.

I would respectfully recommend that this Encampment authorize the incoming administration to have files prepared and the documents in the Grand Army Room in the Capitol at Hartford, placed in a condition available for reference.

In response to the call by the Department Commander for funds to assist our stricken comrades in the Middle West (who suffered from the recent floods), the sum of \$325.75 has been sent to these headquarters and forwarded to Department Commanders of the afflicted states and the same has been receipted for by them. There has also been reported as sent direct from Posts to the flooded districts \$326.00, making a total contributed by this Department of \$651.75.

This by no means represents the total amount contributed by comrades of Connecticut, as many sent their contributions through the Red Cross Society as well as through other channels.

Respectfully submitted in F., C. and L.,

HENRY J. SEELEY,

Asst. Adjt. General.

Lincoln's Birthday

What day is more appropriate to render my eleventh annual report to the Department than “Lincoln's Birthday,” a day to rehearse memories and to express deepest and purest sentiment—and so I have the honor to hand you the silent record of our most sacred work. The more active and public work of the Department is in abler hands and each will tell his own labors in such terms as best voices his own spirit. To me has fallen that tender touch, which speaks within the veil of those who have gone just ahead to find their place in the Eternal Camping ground and to patiently wait the rear guard's coming to make a full roll call, and in that gathering together how real becomes our old familiar strain, “we are coming Father Abraham three hundred thousand more.”

How beautiful is the voice speaking in our prayer that petition of grace, which says “grant that the memory of our

noble dead may dwell ever in our hearts" and how deep is the affection therein which remembers even the "least of these my brethren." There is no obscurity in the true Grand Army spirit; no matter who it is, he is our comrade; and in this we have the echo of the immortal Lincoln's "with malice towards none, with charity for all."

It is gratifying to note the efforts being put forth to perpetuate the memory of the Grand Army of the Republic in the activities of the various allied organizations and the true result will be attained when the spirit which animates these bodies shall reveal the real life which is embodied in the Grand Army itself, and which life shall become the vitality of every community coming under the influence of these several bodies. In view of the increasing complexity of our citizenship this loyal, loving, serving, sacrificing spirit must make itself felt by teaching by example, and by leadership. Not only must the form be in evidence but the spirit within the form must reveal its power for the true and pure uplift of the whole body of society. The battle is on and the principles to be maintained and advanced are a purer fraternity, a wider charity and a deeper and more intense loyalty, guided, governed and enriched by a more trustful dependence upon God and a more sincere love for man. Thus did Abraham Lincoln and may the patriotism of all be of that character as was his. No gift that we can bestow upon another, no position we can confer prevents the call of the "outside guard" saying we are wanted in the ante-room and so again his voice has spoken the name of our dear Medical Director, Myron W. Robinson and he has gone to add one more name to the already long list of our noble dead.

His memory is **sweet**, we loved him well.

It is also a pleasure to present a full report as every Post has been heard from, for which I am deeply thankful, knowing the many difficulties that have met the various efforts to report "all present or accounted for"—and I would again express my sincere appreciation to one and all for the renewed confidence in committing to my humble charge, that part of our united life which touches the unseen, but which hears the voice of Him who spake as never a man spake and whose guiding word is "This is the way, walk Ye in it." May we all hear that Voice and in that day when we shall see the unseen may the "well-done good and faithful" be our reward.

Yours in F. C. and L.,

WM. F. HILTON,

Department Chaplain.

REPORT OF DEPARTMENT PATRIOTIC INSTRUCTOR

Danielson, Conn., April 18th, 1913.

HENRY J. SEELEY, Asst. Adjt. General,
Department of Connecticut, G. A. R.

Dear Sir and Comrade:—

I have the honor to submit herewith my report as Patriotic Instructor for the Department of Connecticut, G. A. R. for the year 1912. I have received reports from thirty-two (32) Post Patriotic Instructors and good work has been done in carrying out the order of the Department Commander. Memorial Day, Flag Day, Lincoln Day, and Washington's Birthday have been observed in some way by every post in this Department.

I have received letters from Post Patriotic Instructors occasionally as to what their duties are. In answer, I will say: "From my point of view it is expected that you improve every opportunity to instruct the young; to visit the schools and remind the men who lived in the time of war of those trying times through which they passed; that they, although old in years, are still young in love, gratitude and loyalty to a great country which they helped to save."

School Flags

The laws of Connecticut require that school boards or selectmen provide a flag for every school room under their jurisdiction, and a proper place in which to keep it. I am sure that nearly every school is thus provided, yet there are cases where the matter has been neglected. If a Patriotic Instructor finds that one or more of his neighboring schools is without a flag, he should wisely call the attention of the board to the law. This is, in fact, the duty of every comrade.

Keep in Touch With the Schools

As I have said before, I now repeat: It is a good thing for all of us G. A. R. men, especially those of us who are Patriotic Instructors, to keep in touch with our schools. No class of persons are more fully in sympathy with us in our patriotic desires than our teachers, especially those below the high school. We would better visit them every time they present patriotic programs—not necessarily for the sake of talking in

school, but to thank them and listen to their exercises. He who undertakes to talk much in school has need of pretty good judgment. It is at all times in order, however, to encourage both teachers and pupils in their work. They will always be glad of good words from their bronze-buttoned visitors.

Conclusion

I am sure you will pardon me, if, in closing this report, I refer briefly to my work during the past year as Patriotic Instructor. I have spoken at considerable length of patriotic teaching in school. I have undertaken to be as active as I could during the past year, and so have sought some opportunity to come into touch with the schools and their work. I have, since the last Encampment, had the privilege of speaking upon patriotic subjects twenty-three times.

I believe that every one of us should be an active and lively patriotic instructor—living examples of patriotic citizenship—not only telling our boys and girls what they ought to be and do, but showing them how.

Cordially submitted in F. C. and L.,

C. A. POTTER,

Department Patriotic Instructor.

REPORT OF THE DEPARTMENT INSPECTOR

New London, Conn., May 1st, 1913.

HENRY J. SEELEY, Asst. Adjt. General,
Department of Connecticut, G. A. R.

Dear Sir and Comrade:—

I have the honor to submit the following report of this Department for the past year.

In all the visits that it has been my pleasure to make in company of the Department Commander I have found the books, and property of all descriptions in good order.

The secret work where it has been my pleasure to witness it, has been done with the old time snap and vigor.

The year has been a very enjoyable one. I am indebted to the Department Commander and different Staff Officers for this, and desire to extend my heartfelt thanks.

Very respectfully,

LAFAYETTE W. STARR,

Department Inspector.

REPORT OF CHIEF MUSTERING OFFICER

Torrington, Conn., April 21st, 1913.

HENRY J. SEELEY, Asst. Adjt. General,
Department of Connecticut, G. A. R.

Comrade:—

I have the honor to report that the officers of the Posts of this Department have been installed, with the exception of four or five small Posts.

From the reports from mustering officers all speak in favorable terms of their reception and entertainment, also that the Posts are in good condition and flourishing, still having that feeling of comradeship which should ever be among those who stood together in times of our Nation's greatest peril.

The installation, with few exceptions has been public and joint with the W. R. C. and in many instances with the Sons of Veterans and in some cases the vets of the Spanish War were invited to be present, and were well pleased and felt honored to be in our gathering.

The comrades detailed as mustering officers, so far as I can learn have performed their duties faithfully and most of them have reported promptly, some a little late owing no doubt to the comrades being so scattered and in some cases holding meeting subject to call of the Commander. Most of the mustering officers were appointed at the request of the different Posts.

To those who have acted so ably and responded so loyally to the request of the Posts as mustering officers and accepted appointments to install the officers of the different Posts of this Department, I return my cordial thanks.

Respectfully submitted in F. C. and L.,

W. W. DAVIS,
Chief Mustering Officer.

REPORT OF JUDGE ADVOCATE

Meriden, Conn., April 20th, 1913.

WM. H. DOUGAL, Commander,
Department of Connecticut, G. A. R.

Dear Sir and Comrade:—

I have the honor to report that the official duties devolving upon the Judge Advocate during the past year have not been of a very arduous nature, indicating that the comrades of the Department are “dwelling together in unity” and if differences arise they are qualified to settle such differences among themselves.

Two cases have been submitted to me for an opinion, both of minor importance.

Case

From a comrade desiring an opinion as to the legality of a Post amending its By-Laws to provide for an increase in the amount of Muster in Fee.

Opinion

That any Post can so amend its By-Laws to permit them to place the Muster in Fee at such sum as they may deem desirable.

Case

Has a Post Commander any authority to install a minor officer or have same done by a Past Post Commander, said officer to be installed not being present at regular installation; the officers detailed to install the officers being present at meeting when such minor officer presented himself which was two weeks after the regular installation and the installing officer had made his report to the Chief Mustering Officer.

Opinion

Where an installing officer has performed the duty for which he was detailed and made his report to his superior officer he is no longer authorized to perform further duty by reason of his detail, and the Post Commander was clearly within his rights in installing the said officer, or in calling upon a Past Post Commander to perform such duty.

The social visits that I have been permitted to make during the year have been of a very enjoyable character. My only regret being that I could not participate in more of them.

Yours in F. C. and L.,

JAMES R. SLOANE,

Judge Advocate.

CAPTAIN HENRY R. JONES

Captain Henry R. Jones, U. S. A., retired, died at the Hartford Hospital, Saturday morning, July 20th, 1912.

Henry Roger Jones was born in New Hartford, Litchfield County, State of Connecticut, March 23rd, 1837, son of Henry and Catherine Mills Jones. He was educated in the schools of his native town and at the New Britain Connecticut Normal School. In early manhood he was engaged in various places in the West as a school teacher, and in 1861, at the breaking out of the Civil War, was studying law in the office of Judge Silas Bryan, father of Honorable William Jennings Bryan, at Salem, Ill. He gave up his studies and returned to his native town, where he at one enlisted for service and materially assisted in raising the New Hartford company, Company C, Eighth Regiment Connecticut Volunteers. He was promoted in service and rose to the rank of lieutenant and commanded his company at the battle of Antietam, where he was twice wounded and left for dead upon the field, it was in this battle that he received the bullet in his right breast, which he bore for more than forty years, suffering constantly from an open wound that gradually sapped his vitality. At this time he was taken a prisoner of war and he always spoke feelingly of the kindness and attention shown him by the Confederate officers. He was later exchanged and afterwards served in the Eleventh and Twentieth Veteran Reserve Corps as adjutant and captain. In 1866 he was transferred to the regular army serving along the Canadian frontier, and in 1878 retired, on account of wounds received in battle, with the rank of captain.

Upon his retirement from the army, Captain Jones returned to his native town and founded "The New Hartford Tribune" which he conducted as editor and publisher until 1906, when he was succeeded by his son, H. Roger Jones, Jr. Captain Jones was a loyal member of the Grand Army, being originally connected with Robert O. Tyler Post of Hartford, and later one of the charter members of Edwin R. Lee Post of New Hartford, serving in all the offices and being elected commander for several terms. In 1899 he was chosen Department Commander of the Connecticut G. A. R. and later served as a member of the Soldiers' Hospital Board under appointment from the governor of the State. So long as health permitted, he was a prominent figure at the State and National Encampments of the Grand Army, and at reunions of his old regiment. He habitually wore the army cape coat and the familiar slouch hat of the Grand Army.

The members of Edwin R. Lee Post, G. A. R. and W. R. C. accompanied by prominent Grand Army veterans from various places in Connecticut attended the services in a body and acted as an escort of honor in the march to the cemetery and at the services at the grave. Interment was in the village cemetery New Hartford. Comrades we shall meet and we shall miss him, but let us so live faithful to our cause as did he and we shall meet him again, just over there.

Asst. Adjt. General.

Department Commander.

Headquarters
Department of Connecticut, G. A. R.,
New Preston, Conn., August 10th, 1912.

General Orders No. 2.

Comrades:—

1. As some of the Posts of this Department do not meet during the summer months, it is requested that Comrades of such Posts make special effort to inform the Comrades of the contents of this order immediately after its receipt, using such means as may seem to the Post Commander to be most effectual.

2. The 46th National Encampment will be held at Los Angeles, California, September 9th to 14th, 1912.

The Connecticut delegation will leave this State by train, leaving New Haven, September 2nd, 1912, at 2:01 o'clock in the afternoon for New York, thence by the Lehigh Valley R. R., leaving New York at 5:53 o'clock in the afternoon for Chicago, thence by the Santa Fe route to Los Angeles.

Comrades should leave their homes in ample time to connect with the train at New Haven or they will not be in time to take the train from New York.

3. The importance of selecting the return route desired and notifying Asst. Adjt. General Seeley is again impressed on those who are going to make the trip, as each ticket is an individual ticket and must be printed after the Comrade has selected his return route and notified the Asst. Adjt. General, who in turn must notify the railroad company, who after printing the ticket, sends it to the ticket office at the Comrades place of residence.

It is practically impossible to do this unless notice of the return route selected is received by Asst. Adjt. General Seeley **on or before August 15th, 1912.** Unless the return route is selected and printed on the ticket the ticket holder must return by the same route he takes on the going trip. If Comrades do not heed this notice and comply with it the responsibility for not having the return route desired will rest with them alone. **Attend to this at once and avoid trouble.**

4. Comrades are again notified that reservations for sleeping car accommodations must be filed with Asst. Adjt. General Seeley with a deposit of \$10 on or before August 10th, 1912 in order to be certain to secure accommodations in sleeper, and that as only half the berths are lower berths, that lower berths cannot be provided for all, but will be assigned in order of reservation. Lower berths in Standard cars, \$18.00 each way; upper berths, \$14.40 each way. Lower berths in Tourist Sleeper, \$9.00; upper berths, \$7.20 each way.

5. Notice is again given that the families and friends of the Comrades can go on this train at the same rate as members of the G. A. R., \$95.50 from New York, **but must comply with the foregoing requirements.**

6. Department Headquarters in Connecticut will be closed from noon, August 31st, till October 1st, 1912. Post requiring supplies will govern themselves accordingly.

7. Department Headquarters will be located on the train en route and at Hotel Alexandria, Los Angeles, Rooms 656-657, from Monday A. M., September 9th to Friday, September 13th.

All Comrades and their friends are cordially invited to call and register.

8. There will be a meeting of those entitled to seats in the National Encampment at Headquarters, Alexandria Hotel, Los Angeles, Monday, September 10th, at 11 o'clock A. M. for the transaction of important business.

9. The parade will take place Wednesday, September 11th. It is requested that every Comrade from Connecticut take part in the parade.

10. All communications in relation to securing rooms should be addressed to H. Z. Osborne, Chamber of Commerce, Los Angeles.

Comrades desiring **free quarters** in Los Angeles should apply at once to Asst. Adjt. General Seeley.

11. The Asst. Adjt. General will cheerfully furnish any information desired.

12. The following named Comrade is hereby appointed Aide on the Staff of the Department Commander. He will be obeyed and respected accordingly: Charles E. Williams, Post 3, Bridgeport.

13. The attention of all Patriotic Instructors is called to a mammoth Camp Fire to be held in Los Angeles during the Encampment by all Patriotic Instructors of the G. A. R. and allied organizations.

General Orders No. 3.

I. The Forty-Sixth National Encampment of the Grand Army of the Republic, held at Los Angeles, California, September 9 to 14, 1912, although now a matter of history, may be referred to in the judgment of those who were privileged to attend, as one of the most profitable, enjoyable and memorable Encampments in the history of our organization. The good people of that city and of the State vied with each other in their efforts to do everything possible for the Grand Army of the Republic and its allied organizations. The decorations were complete and most profuse. Even the streets were strewn with flowers along the line of march and for about a mile on either side of the line of march ladies wearing white regulation caps, were stationed in double rank, waving flags and singing patriotic songs and there was an almost unbroken shower of flowers from the windows above. A very large amount of the general expenses of the comrades was paid by the General Committee.

The Department of Connecticut made a good showing, having forty-eight in line in the grand parade. The Commander of this Department desires to express his most hearty thanks to all who contributed towards making the Connecticut Headquarters and the Department column on parade such a splendid success.

You are well aware of the good work done by our delegation and of their splendid achievement in bringing to Connecticut the highest office within the gift of the Grand Army of the Republic. We as a Department feel very grateful to our comrades throughout our Nation for bestowing upon us this honor and they as well as we, know that the glory of our whole order will be safeguarded and if possible enhanced by having as our Commander-in-Chief, our comrade, Alfred B. Beers of Bridgeport, Connecticut.

II. The time and place of meeting of the next National Encampment was referred to the Executive Committee of the incoming Council of Administration with power to act.

III. The annual election of officers of the Posts of this Department and of representatives and alternates to the next Department Encampment will be held as required by the Rules and Regulations at the first stated meeting in December. The officers must be installed at the first stated meeting in January. It should be borne in mind that Past Commanders-in-Chief and Past Senior and Junior Vice-Commanders-in-Chief, Past Department Commanders, Past Senior and Junior Vice Department Commanders, Past Post Commanders and Post Commanders are members of the Department Encampment. In the absence of the Post Commander the Senior or Junior Vice Commander may represent the Post; they should not be elected as representatives or alternates.

IV. The Department Commander confidently expects to hear from Posts desiring a visit from the Department Commander at least two weeks or more in advance of the time fixed for the visit, and will be glad to hear at all times from the Posts or members of Posts whenever they think he can be of assistance to them, for we are all comrades to the last.

V. Your Commander calls particular attention to the instructions of the Assistant Adjutant-General enclosed with the blanks forwarded. By compliance with his instruction a large amount of time and expense will be saved in these matters. I cannot emphasize this matter too strongly.

VI. Your Commander desires to urge upon every comrade the desirability of inducing those who never have been members of the order to become members, and the many who having been members who have become lukewarm or careless and have been dropped from the roll or membership, to return and renew their membership and be faithful to the Grand Army of the Republic, by and through which they have been so greatly benefited.

VII. Your Commander is exerting himself to the utmost to visit and give good cheer to our comrades throughout the Department and is meeting with most hearty Godspeed. The organizations affiliated with our order are making very great increases in membership and vieing with each other to do us all the good they can, therefore let us gain courage and bear our burdens with greater patience than ever—let us show our thankfulness to them at all times and in all places by our cheerfulness and appreciation. The all wise—will surely give them their reward.

VIII. On November 21, the Post room of A. G. Warner, Post No. 54 of Putnam was completely destroyed by fire. The Department most heartily sympathizes with the comrades of the Post in their loss and, through your Commander, assurance has been given of the readiness of comrades to assist them in every way possible.

IN MEMORIAM

John M. Brewer, Past Department Commander, died in Waterbury, Conn., September 6th, 1912, after a two weeks illness. Comrade Brewer was a Private in Co. G, 16th Conn. Vols. Infantry. He enlisted July 29th, 1862, was discharged January 26th, 1863 for disability. He joined Sedgwick Post No. 1, Norwich, May 3rd, 1878, was Post Commander in 1883-1884 and 1891, and Department Commander in 1895. He was born in East Hartford, October 7th, 1843. He was at the battle of Antietam and was detailed after the battle to assist in caring for the wounded officers of the regiment; among the number being Maj. George A. Washburn, whom he cared for and accompanied to Hartford. Having considerable knowledge of medicine he was of great service to the sick and wounded soldiers and was hospital steward in Alexandria, where he had been on the sick list for sometime after his return to the field. He has gone to join the great majority "just over there," where the brave and loyal men of 61-65 are fast assembling and receiving—as we believe—their reward, for sacrifices so freely offered and duties well performed.

MEMORIAL DAY

COMRADES:—

I. I can think of no more appropriate ceremonies on Memorial Day, than, after Prayer by the Chaplain, General Orders No. 11, issued May 5th, 1868, by Commander-in-Chief John A. Logan be read in addition to the Gettysburg Address of the immortal Lincoln—preceeding the strewing of flowers. Inasmuch as few have the Order No. 11, it is herein given in full:

Headquarters

Department of Connecticut, G. A. R.
Washington, D. C., May 5th, 1868.

General Orders No. 11.

I. The 30th day of May, 1868 is designated for the purpose of strewing with flowers or otherwise decorating the graves of com-

rades who died in defence of their country during the late rebellion, and those bodies now lie in almost every city, village and hamlet churchyard in the land. In this observance no form of ceremony is prescribed, but Posts and Comrades will in their own way arrange such fitting services and testimonials of respect as circumstances may permit.

We are organized, comrades, as our Regulations tell us, for the purpose, among other things, of "preserving and strengthening those kind and fraternal feelings which have bound together the Soldiers, Sailors and Marines who united to suppress the late rebellion." What can aid more to assure this result than by cherishing tenderly the memory of our heroic dead, who made their breasts a barricade between our country and its foes? Their soldier lives were the reveille of freedom to a race in chains, and their deaths a tattoo of rebellious tyranny in arms. We should guard their graves with sacred vigilance. All that the consecrated wealth and taste of the nation can add to their adornment and security is but a fitting tribute to the memory of her slain defenders. Let no wanton foot tread rudely on such hallowed grounds. Let pleasant paths invite the coming and going of reverent visitors and fond mourners. Let no vandalism of avarice or neglect, no ravages of time, testify to the present or the coming generations that we have forgotten as a people the cost of a free and undivided Republic.

If other eyes grow dull and other hands slack, and other hearts cold in the solemn trust, ours shall keep it well as long as the light and warmth of life remains to us.

Let us, then, at the time appointed, gather around their sacred remains and garland the passionless mounds above them with the choicest flowers of Springtime; let us raise above them the dear old flag they saved from dishonor; let us in this solemn presence renew our pledges to aid and assist those whom they have left among us, a sacred charge upon the Nation's gratitude—the Soldiers' and Sailors' widow and orphan.

II. It is the purpose of the Commander-in-Chief to inaugurate this observance with the hope that it will be kept up from year to year, while a survivor of the war remains to honor the memory of his departed comrades. He earnestly desires the Public Press to call attention to this Order, and lend its friendly aid in bringing it to the notice of comrades in all parts of the country in time for simultaneous compliance therewith.

III. Department Commanders will use every effort to make this Order effective.

By command of

JOHN A. LOGAN,

Commander-in-Chief.

N. P. CHIPMAN,

Adjutant-General.

II. I would earnestly recommend that all comrades of our Order set their faces steadfastly against all dispensable amusements, public or private on Memorial Day, thereby setting an example which will be sure to have an influence for good by stirring up the thoughts of many and causing an inquiry—why do these fast disappearing Veterans keep up this custom? Why do they so revere the memory of their dead comrades. **There must be a good reason for it!** Thus creating a renewed interest in our hallowed custom.

III. Your attention is earnestly called to Paragraphs IV and V of National General Orders No. 5, in regard to the suitable observance of Mothers' Day, the second Sunday in May, and Flag Day, the fourteenth day of June.

IV. The attention of Posts is especially called to the following:

Under separate cover you will receive circular and map, issued by the Pennsylvania Gettysburg Semi-Centennial Celebration Commission. The circular contains all needed information relating to that event. Post Commanders will see that the greatest publicity possible is given to the contents of this circular prior to July 1. Keep the map in order that the location of the Camp of the Connecticut comrades can easily be located, when they are assigned to position. It would be well to have parts of circular read at each meeting of your Post, and if possible published in your local papers.

MEMORIAL DAY.

Circular Letter No. 1.

COMRADES:—

Your Commander does not presume that it is necessary to remind you that Memorial Day is fast approaching; but he does wish to give assurance that he shares with you one and all—the sadness and increasing lonesomeness of these occasions as year after year, fewer and fewer of us gather to lay our most heartfelt remembrances upon the mounds which indicate the resting place of those with whom we stood shoulder to shoulder in our Nation's darkest hour and with whom we feel we must soon gather on the bright and shining shore where the horrors of war and all its sorrow and sadness are no more, but where the brave and true receive a glorious reward.

Your Commander wishes to bring it to your mind that the greivous disregard of the purpose and intent of Memorial Day by a certain class of our citizens and the example they set for the foreign population throughout our land is deeply felt by every member of the Grand Army of the Republic as well as by their tried and true friends. Let us each and every one energetically discourage the increasing tendency to make the day a day of unrestrained liberty of action and in every way acquaint those who do not know or understand, with the fact that it is a day set apart by law, upon which to honor the memory of the departed heroes who saved our Country, not for themselves alone, but that all people within its borders for all time might be free and equal under the law and pursue the paths of peace and happiness; by kindly and patriotic talks to groups of young, both in schools and assemblies, this can be greatly advanced.

The Son of Veterans must be stirred to greater action and to their sacred duties in respect to Memorial Day. Our women, thank God, need no reminder of their part on this day, the heartaches, the sorrows, the sufferings which were their portion in the dark days of the Civil War and which they have borne all these years so un-murmuringly can never be effaced from memory, they will, to the very last, be our ministering spirits, for it is so ordained. The attention of all, is called to the Memorial Day Circular issued by the Department Patriotic Instructor.

Circular Letter No. 2.

COMRADES:—

It is with a sorrowing heart that your Commander brings to your notice officially the sad information of the death, early on Monday morning (the 27th inst.) of Dr. Myron W. Robinson, your Medical Director, Surgeon in charge of the hospital at the Noroton, Conn. Soldiers' Home. The loss is irreparable, to the inmates of the hospital, to the G. A. R. and to the veterans at large. Our organization will grievously miss him.

Your Commander attended with the Asst. Adjt. General and others the simple but sad ceremonies at his late residence at the Soldiers' Home this A. M. The remains were taken to Colchester for interment.

So many indications of mourning for deceased comrades are now displayed in the different Posts, that your Commander makes no recommendation other than that each and every Post take such effective and expressive action as may seem best to express and show the sorrow which we all feel, and place the same upon the records of the Post.

Our deceased comrade was warned by his physician to take more rest, not to attend so many of the gatherings of our organization, as it was wearing on him with all his other cares and responsibilities, none of which he neglected, but he replied, "I love the boys and they seem fond of me, it is my greatest enjoyment and pleasure, I know I haven't long to stay, so I am going to be with, and do for the boys until my Heavenly Father puts a stop to it." And he did.

May our faith in God, our fraternity, our charity, our loyalty, and our departure, be as pure and peaceful as his, is the wish of yours faithfully,

FLAG DAY, JUNE 14TH.

Circular Letter No. 3.

COMRADES:—

Your Commander wishes to have you all exercise your influence in every suitable manner to let all people know that we, of all others do not for one moment forget the day that gave birth to the Flag for which so many, many thousands of our comrades sacrificed all that it is possible for mankind to sacrifice.

Our incomparable Women's Relief Corps and allied organizations will proudly wear a small flag upon their hearts that day, and well they may feel proud to do so, for one woman of the same spirit as is well known historically, made the flag adopted by the American Congress in session in Philadelphia, June 14th, 1777. Let us all wear a small "Old Glory" fastened to the lapel of our coat or vest that day.

Your Commander will give to the school children in his school district about one hundred silk flag bows with pin to be worn by them that day and the teachers will rehearse the story of Mrs. Betsey Ross, twice a widow through patriotism.

We have it that it was not long after her first bereavment that she formulated our flag.

It may not be generally understood that our flag was changed to fifteen stars and fifteen stripes on May 1st, 1795, and so remained for twenty-three years, during which time at least three wars were fought and won under it. It was that flag which inspired Key to write "The Star Spangled Banner."

It was very largely due to the superior judgment and influence of Captain S. C. Reed, a Norwich born patriot that the return to the Betsy Ross pattern of flag and the star for a State as we now have it was adopted on July 4th, 1818.

Comrades, believing we have the courage, of our convictions, faithfully yours,
